Dear Sir/Madam,

RE: Application for a Software Development Internship

I am Birungi Mercy, an entry-level software developer. I am writing to apply for a software development internship at ClinicMaster. I am particularly drawn to your focus on leveraging innovative technology to provide healthcare solutions that aid information flow and data management.

I am currently working on a smart farming project that aims to improve the quality and quantity of yields for Kenyan small scale farmers. Since agriculture is the main contributor to the Kenyan economy, this solution will enable farmers to track farm operations and make better-informed decisions hence boosting the economy.

Creating technology that serves humanity has always been my number one goal. Sharing the values you praise, i.e., innovation, inclusion, and responsibility, I'm confident we could do a world of good together.

Thank you for your time and consideration. I look forward to hearing from you. You can reach me on my phone number at +256 780256885/+256 755463963 or by email at mercyssbirungi@gmail.com.

Yours Sincerely,

Mercy Ssozi Birungi
